## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The information disclosure statement (IDS) submitted on July 21, 2006 was filed after the mailing date of the Notice of Allowance on June 14, 2006. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

### ***Allowable Subject Matter***

2. Claims 1-19 are allowed.
3. The following is an examiner's statement of reasons for allowance.

The prior art of record, taken alone or in combination, does not teaches the construction of a starter/generator system for an engine having a multi-use controller as described on independent claims 1 and 7, comprising:

a switching driver configured to drive switching elements of said power conversion unit based on start control signals received during said start mode and based on generate control signals received during said generate mode, such that said switching driver is configured to output first switch driving signals for causing said power conversion unit to perform DC-AC conversion upon receiving start control signals and to output second switch driving signals for causing said power conversion unit to perform DC-DC conversion upon receiving generate control signals.

Dependent claims 2-6 and 8-19 are considered allowable by their respective dependence on allowed independent claims 1 and 7.

Art Unit: 2834

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
